Sir,

I have the honor to state that Akkihebbal - Bherya road, a distance of 4 miles, is a District Fund road and was originally being maintained by the Civil Department of this office through the District Board agency. The annual maintenance of the road was kept up at a cost of Rs30/=. In connection with the construction of the Krishnarajasagara Dam, the road was transferred to the Public Works Department with its District Board maintenance cost of Rs30/= per annum. The Public Works Department in their letter No. 1336 dated 22-11-1920 stated that the annual allotment of Rs30/= for the whole length of the road was insufficient and requested that the same might be increased to Rs160/=. The matter was placed before the District Board at their meeting held on 27-11-20 when the increase of grant was sanctioned. As the road was originally being maintained through the agency of the District Board and as the maintenance cost was and is being met from the provision made under "B.Public Works" in the District Board budget, sanction of Government was not obtained for increasing the maintenance cost from Rs30/= to Rs160/=.

The Comptrolerr to the Government of Mysore, has taken objection to the above and states that sanction of the Government

is necessary for raising the mileage grant. In enclosing copies of communications between this office and the Comptroller together with a copy of the District Board resolution of November 1929, I request that sanction of Government may kindly be obtained for increasing the grant from Rs30/= to Rs160/= of the road in question. The Public Works Department is now being paid at Rs160/= per annum as per resolution of the District Board.

"With reference to your letter No.292 dated 1 1-9-1928 requesting to communicate the sanction of Government for increasing the mileage allotment of Akkihebbal -Bherya road from Rs.30/= to Rs.40/=, I have the honor to state that the road was originally being maintained by the Civil Department of this office and no mileage grant was fixed for this road. In connection with the construction of Krishnarajasagara Dam, the road was transferred to the P.W.D for being maintained at the cost of the District Board. The Public Works Department in their No.1236 dated 22-11-20 reported that the annual allotment Viz. Rs.30/= for the whole length of the road was insufficient and requested that the same might be in-creased to Rs.160/=. The matter was placed before the District Board at -- their meeting held on 27-11-20 and the increase of grant was -- sanctioned by the Board. As the road was being maintained through the agency of the District Board and the maintenance cost was and is being met from the provision made under "B.Public Works" in the District Board budget, the sanction of Government was not obtained for increasing the maintenance cost from Rs.30/= to Rs.160/=."
